COMPANY PROFILE AND GROUP STRUCTURE

Shakarganj Limited was incorporated in Pakistan in 1967 as a Public Limited Company and is listed on the Pakistan Stock Exchange. Shakarganj is a leading manufacturer of food products, biofuel, as well as textiles. We transform renewable crops such as sugarcane and cotton into value added products including refined sugar, biofuel and textiles etc. Our registered office is in Lahore with regional office in Faisalabad.

Shakarganj Limited, through its strategic shareholding in Shakarganj Food Products Limited, is also active in production of dairy and fruit products.

Sugar Business:

We have two manufacturing facilities, which are both located in District Jhang. We produce different types of sugar comprising pharmaceutical, beverage and commercial grades sugar as well as soft brown sugar, castor and icing sugar, sugar cubes, sachets and retail packs. Our combined crushing capacity is of 16,000 Tons of Cane per Day (TCD) which is extendable to 20,000 TCD.

Biofuel Business:

We have six distillation plants of which three are located at our Jhang facility and the remaining three are located at our Bhone facility where various grades of biofuel are produced. Our products include Rectified Ethanol (REN) for industrial and food grades, Anhydrous Ethanol for fuel grade, and Extra Neutral Alcohol (ENA) for pharmaceutical and perfume grades. The combined capacity of our distilleries is 350,000 litres per day.

Textile Business:

This cotton spinning unit produces carded cotton and PC yarn ranging from 10/s to 33/s. The installed capacity is 24,960 spindles for cotton spinning.

Farming & Allied Business:

We have different parcels of agriculture land mainly located in Jhang District near our manufacturing facilities. A dairy farm located at Jhang with a herd of around 200 milking and fattening of cattle has also been developed. Shakarganj has also developed non-chemicals fertilizers for our grower community. The product as organic fertilizer has been developed using an aerobic decomposition process with addition of standardized microbial culture in filter cake. The product is a rich source of organic matter, with macro and micro nutrients to help improve soil and it is very useful for better growth, yield and quality of all field crops in general and specifically for sugarcane.

Business Vision and Strategy:

Shakarganj's vision is to create the country's leading renewable ingredients business. We aim to achieve this by building a consistent portfolio of distinctive, profitable, high-value solutions in products and services for our customers. Shakarganj is committed to providing long-term value for our shareholders. Our strategy is to build a stronger value added business with a low-cost commodity base. We focus on five key business objectives to deliver consistent growth.

- Serve our Customers:

Delivering excellent customer service is at the core of everything we do. Our aim is to be the partner of choice in our customers' processes and to help them develop more successful consumer products.

- Operate Efficiently and Safely:

We aim to be the lowest-cost and most efficient producer in all our markets. Through our expertise in high-volume process management, our focus is on technical and manufacturing excellence and the efficient use of services such as logistics and utilities. We are continually working to improve operational efficiency and strive to ensure safe and healthy conditions for everyone at our sites.

- Invest in Long Term Assets and Partnerships:

We continually evaluate investment opportunities that would add strategic value by enabling us to enter new markets or add products, technologies and knowledge more efficiently than we could originally. We also aim to grow our business by forming joint ventures and partnerships to enhance the capabilities of our existing product portfolio. Using alliances and joint ventures can be an efficient way to lower our cost of investing in new areas and markets, and will help secure access to new and complementary technology and expertise.

- Invest in Technology and People:

We are investing in our research and development capabilities to help us in developing innovative solutions that meet our customers' product challenges. We are also complementing our own capabilities through business and technology partnerships, and university collaborations. To develop talent, improve leadership and help our employees succeed, we operate various Programmes designed to ensure the right skills at all levels to grow our business.

- Grow the Contribution from Value Added Products:

We are committed to grow the contribution from our value added products. Value added products utilise technology and intellectual property enabling us to obtain a price premium along with sustainable and/or higher margins.

SFPL comprises of three divisions – Dairy, Juice and Pulp & Concentrates. The Dairy and Juice division uses Tetra Pak packages to deliver UHT dairy and beverage products to the local market. The Pulp & Concentrate division produces fruit pulps, concentrates and purees for sale in both the Pakistan and International market. Our aim is to supply premium quality food products to our customers and become one of the leading food companies in Pakistan.

DAIRY & JUICE DIVISION

Shakarganj entered into the dairy business in 2006 with the introduction of its brand “**good milk**”. Since then it has expanded with a diverse product portfolio in both the dairy and beverage category including UHT white milk, flavoured milk as well as a wide range of juices and nectars. The company has been able to leverage the Shakarganj name in the farming community to establish its milk collection network thereby developing a strong, sustainable and shared value based supply chain for the business function. The company sells its products throughout the country via a nationwide distribution network.

DAIRY & JUICE PLANT

- Processing and packaging plant located at Jaranwala.
- Machinery from internationally renowned companies such as Tetra Pak.
- Well-equipped, state of the art of laboratory and testing facility at the plant run by a team of technically skilled and experienced staff.
- Research facility for new product development.
- International and domestic quality certifications: HACCP, PSQCA, PFA and HILAL

MILK PROCUREMENT NETWORK

- Well established network of milk collection centers at prime locations in Pakistan.

- Collection centres run by highly skilled and experienced staff members.
- Quality procurement ensured by well-equipped laboratory and advanced testing facility.
- Advisory services provided by technical team to facilitate higher yield and enhanced milk quality to support the farming community

PULP & CONCENTRATE DIVISION

Shakarganj has significant capabilities regarding the production of fruit pulps and purees. It is one of the leading manufacturers in Pakistan and has a significant volume of exports to Europe, the Middle East, Africa and Far East. Our manufacturing and processing facility is located in the heart of the agricultural and fruit producing region of Pakistan; giving our customers an advantage in terms of product freshness, continuity of fruit supply and reduced ‘time to market’.

- Plant is located at Chiniot.
- Two processing lines for production of juice concentrates, puree and pulps.
- Product storage facilities consist of both, a refrigerated and frozen setup.
- Technically skilled and experienced manpower.
- Well-equipped laboratory and testing facilities ensure effective quality assurance according to international standards.
- International quality certifications: Food Safety System Certification 22000

DIRECTORS' REPORT

The directors of your Company are pleased to present the condensed interim financial statements (Unconsolidated and Consolidated) of the Company for the half year ended 31 March 2025.

Financial and Operational Performance:

Due to open market policy of the government, average sugarcane prices remained around Rs.400 per 40 kg during the season, but sugarcane crushing was decreased significantly due to the liquidity challenges faced by the Company since couple of years. The Company was able to crush 498,014 MT of sugarcane as compared to 778,454 MT of sugarcane in the corresponding period. Average recovery of sugar substantially decreased due to substandard quality of sugarcane as a result of changes in weather conditions. Biofuel production had reached 3.86 million litres till the half year end, compared to 2.23 million litres production during the same period last year, an increase of 73%.

During the half year ended 31 March 2025, Company's overall sales revenue stood at Rs. 5,203.2 million (HY24: Rs. 8,017.4 million) and gross loss of Rs.1,090.2 million as compared to gross loss of Rs. 1,076.6 million in corresponding period last year. The Company's loss before levy and income tax was Rs. 1,783.4 million as compared to loss before levy and income tax of Rs. 1,404.4 million in the corresponding period of last year. Loss after income tax for the period was Rs. 1,655.8 million as compared to Rs. 1,798.1 million in the corresponding period of last year.

Business Segments:

Sugar Division:

Sugar Division revenue net of tax for the first half of Fiscal 2025 was Rs. 4,658 million and inter-segment sale of this division was Rs. 310 million as against net sales revenue of Rs. 7,494 million and inter-segment sale of Rs. 356 million during corresponding period of last year. The Sugar Division crushed 498,014 MT (HYFY24: 778,454 MT) of sugarcane to produce 39,395 MT (HYFY24: 72,213 MT) of sugar at an average recovery rate of 7.97 percent (HYFY24: 9.29 percent). Average recovery was reduced due to quality of sugarcane available during the season.

The gross loss of Sugar Division was 19.82% during the current period, compared to gross loss of 10.70% during the corresponding period. The bottom-line resulted in loss before tax of Rs. 1,214.6 million as compared to loss before tax of Rs. 1,065.13 million for the corresponding period last year.

Biofuel Division:

Net sales revenue during the period was Rs. 546 million with inter segment sale of Rs. 0.9 million as compared to net sales revenue of Rs. 523 million with inter segment sale of Rs. 5 million during previous period. There was gross loss for the period of Rs. 84 million as compared to gross loss of Rs. 203 million in corresponding period last year. Due to reasons mentioned above, the bottom-line resulted in loss before tax of Rs. 157 million as compared to loss before tax of Rs. 238 million for the corresponding period last year. The production of this division was 3.86 million litres (HYFY24: 2.23 million litres).

Textile Division:

During the period under review, there was no production in Textile Division, same as the last year, due to uneconomical conditions in the textile sector.

Unconsolidated Financial Position

Balance sheet footing stood at Rs. 17,240.72 million as of 31 March 2025 compared to Rs 17,507.83 million on 30 September 2024. Total shareholders' fund decreased to Rs. 5,116.72 million from Rs. 6,752.60 million as at 30 September 2024. Break-up value per share was Rs. 40.93.

Consolidated Financial Performance

On a consolidated basis, operating loss before other income, finance costs and taxation amounted to Rs. 1,760.29 million (HY24: Rs. 1,086.56 million). Consolidated loss after income tax for the Group for the period was Rs. 1,946.78 million as compared to loss after income tax of Rs. 1,729.40 million in HY24. During period under review, loss after tax of Shakarganj Food Products Limited - the subsidiary company, amounted to Rs. 568.84 million (HY24: profit after tax Rs. 118.33 million). We are hopeful, with the rise in demands, for further improvements in the performance of the group as a whole in the remaining part of fiscal year. On a Group basis, the consolidated balance sheet footing stood at Rs. 25,584.31 million, compared to Rs. 26,059.47 million as at 30 September 2024. Total equity decreased to Rs. 6,429.83 million from Rs. 8,341.54 million as at 30 September 2024.

Financial Review

Shakarganj Limited has been included in Non Compliant List by Pakistan Stock Exchange, because its current liabilities have exceeded its current assets by Rs. 6,592.76 million. However, the Company remains committed to improve its liquidity scenario. Various steps have been planned to overcome the liquidity crunch as details given in Note 1.2 to the condensed interim financial statements attached herewith. All out efforts are being made to improve the production and profitability of the Company through efficiency, effectiveness, and reducing production cost. The management considers that the measures explained would result in availability of adequate financial resources for the Company to sustain the continuity of its business for the foreseeable future and thus maintain its going concern status. However, as mentioned above, the business environments were such that the Company was compelled to close earlier than its normal crushing season, which affected the progress seriously and ended up with heavy losses. However, the management of the Company is determined to take chance whenever opportunities were available in future.

Future Outlook:

Due to pending liabilities of the Company toward growers and taxation, activities could not be carried out on full scale basis. We are even considering to run our distilleries operations even on outsourced option, which has not materialized so far. However, due to short season, raw material for biofuel operations was not available at feasible prices. Operations at Biofuel Division are not expected to improve its performance with limited availability of molasses. Difficult business environments in the textile business due to high cost of raw material, the operations could not be started yet. As mentioned in our last annual report, management is taking steps to overcome the liquidity crunch and we are hopeful that the Company would continue its operations. In spite of all the challenges, we remain committed to navigating through the challenging times.

Finally, we would like to thank all stakeholders for their patronage and look forward to their continued support.

On behalf of Board of Directors

Muhammad Saif Ullah

Unconsolidated Condensed Interim
Financial Statements (Un-audited)
For the Half year ended 31 March 2025
(Shakarganj Limited)

Independent Auditor's Review Report

To the members of Shakarganj Limited

Report on review of Unconsolidated Condensed Interim Financial Statements

Introduction

We have reviewed the accompanying unconsolidated condensed interim statement of financial position of Messrs. Shakarganj Limited (the "Company") as at 31 March 2025, and the related unconsolidated condensed interim statement of profit or loss, unconsolidated condensed interim statement of comprehensive income, unconsolidated condensed interim statement of changes in equity and unconsolidated condensed interim statement of cash flows, and notes to the unconsolidated condensed interim financial statements for the six months period then ended (here-in-after referred to as the "unconsolidated condensed interim financial statements"). Management is responsible for the preparation and presentation of these unconsolidated condensed interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these unconsolidated condensed interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity." A review of condensed interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis of Adverse Conclusion

The Company has again sustained loss after taxation for the half year ended 31 March 2025 amounting to Rs. 1,655.767 million, which took the accumulated loss to Rs. 6,707.066 million at the reporting date along with adverse current ratio at that date. Further, the textile segment of the Company remained closed during the whole period as well as the previous year. The Company has also overdue statutory obligations. The disposal of certain assets is held up due to court cases, while the company needs funds for the upgradation of plant & machinery of textile and sugar divisions at Jhang. There is no written commitment from the directors / shareholders of the company to finance its above said obligations / working capital requirements.

All these situations indicates that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern, which has not been appropriately resolved, assessed and disclosed in these financial statements.

Adverse Conclusion

Our review indicates that because of the significance of the matter as described in the Basis for Adverse Opinion section of our report, these unconsolidated condensed interim financial statements are not prepared, in all material respects, in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting.

Other Matters

The figures of the unconsolidated condensed interim statement of profit or loss and unconsolidated condensed interim statement of comprehensive income for the quarter ended 31 March 2025 have not been reviewed and we do not express a conclusion on them.

The engagement partner on the review resulting in this independent review report is Shabir Ahmad, FCA.

SELECTED NOTES TO THE UNCONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS

For the Half Year Ended 31 March 2024 (Un-Audited)

1 THE COMPANY AND ITS OPERATIONS

1.1 Shakarganj Limited (the Company) is a public limited company incorporated on 20 September 1967 in Pakistan under the Companies Act, 1913 (Now Companies Act, 2017) and is listed on Pakistan Stock Exchange Limited. It is principally engaged in manufacture, purchase and sale of sugar, biofuel and yarn. The Company has its principal manufacturing facilities at Jhang and satellite manufacturing facilities at Bhone. The registered office of the Company is situated at E-Floor, IT Tower, 73-E/1, Hali Road, Gulberg-III, Lahore. whereas its mills / plants are situated at Jhang and Bhone.

1.2 Going concern assumption

The Company has suffered the loss after income tax of Rs. 1,655.77 (2024: Rs. 1,798.12) million and its accumulated losses are of Rs. 6,707.07 (2024: Rs. 5,299.23) million as at 31 March 2025. The current liabilities of the Company exceeded its current assets by Rs. 6,592.76 (2024: Rs. 5,417.81) million. Moreover, the Company has overdue statutory obligations. Furthermore Textile segment of the Company remained closed during the whole year. Certain shareholders of the Company have applied to Sindh High Court, Karachi and Lahore High Court, Lahore and obtained stay on 29 November 2021 and 25 February 2022 respectively from the respective courts regarding the approval of disposal of certain agricultural land of the Company. These factors indicate the existence of material uncertainty which may cast significant doubt about the Company's ability to continue as a going concern and, therefore, that it may be unable to realize its assets and discharge its liabilities in the normal course of business. However, these financial statements have been prepared on going concern basis due to following reasons:

- The Company is making arrangements to sell its agriculture land having market value of Rs. 755.547 million. For this purpose, approval of shareholders has been obtained in Annual General Meeting of the Company held on 28 February 2022 subject to further orders of Lahore High Court, Lahore and Sindh High Court, Karachi along with no objection from lenders. The proceeds through disposal of land will be utilized by the Company to pay to sugarcane growers and to settle the other liabilities of the Company while the remaining proceeds will be utilized for up gradation of plant and machinery of textile and sugar divisions at Jhang.
- The management of the Company has firmed up a turnaround plan based on disposal of the Bhone Unit of the Company which includes Sugar and Biofuel divisions. Book value of freehold land, building and plant and machinery as at 31 March 2025 is Rs. 6.893 billion. Price discovery by the management for the whole Bhone Unit of the Company including related licenses / rights when built in the future plan results in debt free business, surplus funds and profits for the Company. The management has planned to seek required approvals for roll out of the turnaround plan before the end of financial year 30 September 2025.
- The Company is in the process of installing the falling film evaporators. Falling film evaporators are alternative to Robert type evaporators and help to improve the optimization of the evaporator's station and energy efficiency of the plant. The percentage of steam's usage will be reduced by 9%. It would also increase the recovery ratio accordingly.

The Company remains committed to its best efforts to improve liquidity position. The management considers that the measures as explained above would result in availability of adequate financial resources for the Company to sustain the continuity of its business for the foreseeable future and thus maintain its going concern status. Accordingly, these financial statements have been prepared on a going concern basis which assumes that the Company will continue to operate its business, realize its assets, and discharge its liabilities, in the normal course of business.

2 STATEMENT OF COMPLAINE

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards applicable in Pakistan for interim financial reporting comprise:

International Accounting Standard (IAS) 34 - Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;

Provisions and directives issued under the companies Act, 2017

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards or IFAS, the provisions of and directives issued under the Companies Act, 2017, have been followed.

These unconsolidated condensed interim financial statements do not include all the information and disclosures required in the annual audited financial statements, and should be read in conjunction with the Company's annual audited financial statements for the year ended 30 September 2024. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Company's financial position and performance since the last annual financial statements.

3 BASIS OF MEASUREMENT

3.1 Accounting convention

These financial statements have been prepared following accrual basis of accounting except for the statement of cash flows. These financial statements have been prepared under the historical cost convention without any adjustments for the effect of inflation or current values, except for the following material items in the statement of financial position:

- Inventories that are valued at lower of weighted / moving average cost or Net Realizable Value (NRV) in accordance with IAS 2;
- Freehold land, buildings on freehold land and plant and machinery that stands at the revalued amount in accordance with IAS 16;
- Biological assets at fair value less estimated point-of-sale costs as per IAS 41;
- Actuarial valuation of pension and gratuity as per IAS 19; and
- Certain financial instruments which are carried at their fair value in accordance with IFRS 9.

3.2 Separate financial statements

These financial statements are the separate financial statements of the Company in which investment in subsidiary company is accounted under equity method. Consolidated financial statements of the Company are prepared and presented separately. The Company has 52.39% equity shares of Shakarganj Foods Product Limited as a long-term strategic investment.

3.3 Functional and presentation currency

The financial statements are presented in Pakistani Rupee (Rs.) which is the Company's functional and presentation currency. All financial information presented in Pakistan Rupees has been rounded to nearest rupee, unless otherwise indicated.

3.4 Critical accounting estimates, judgments and assumptions

The preparation of financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the use of certain critical accounting estimates. In addition, it requires management to exercise judgment in the process of applying the Company's accounting policies. The areas involving a high degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements, are documented in the accounting policies and notes and relate primarily to as mentioned in annual financial statements of the Company as at 30 September 2024.

The revisions to accounting estimates (if any) are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

4 MATERIAL ACCOUNTING POLICY INFORMATION

The accounting policies and the methods of computation adopted in the preparation of these unconsolidated condensed interim financial statements are same as those applied in the preparation of the annual audited financial statements for the year ended 30 September 2024.

- 4.1 During the year ended 30 September 2024, the Institute of Chartered Accountants of Pakistan (ICAP) has withdrawn Technical Release 27 'IAS 12, Income Taxes (Revised 2012)' and issued 'IAS 12 Application Guidance on Accounting for Minimum Taxes and Final Taxes' (the Guidance). In accordance with the Guidance, during the year ended 30 September 2024, the Company has changed its accounting policy to recognize minimum and final taxes as 'Levy' under 'IAS 37 Provisions, Contingent Liabilities and Contingent Assets' which were previously being recognized as 'Income tax'.

The corresponding figures of unconsolidated condensed interim statement of profit or loss and unconsolidated condensed interim statement of cashflows has been restated under the above guidance, the effect of this restatement has been explained in Notes 16 and 17.

4.2 Change in accounting standards, interpretations and amendments to published accounting and reporting standards

a) Amendments to published accounting & reporting standards which became effective during the period

There were certain amendments to accounting and reporting standards which became mandatory for the Company during the period. However, the financial reporting of the Company and, therefore, have not been disclosed in these condensed interim financial statements. Amendments did not have any significant impact on the financial reporting of the Company and, therefore, have not been disclosed in these unconsolidated condensed interim financial statements.

b) Amendments to published accounting and reporting standards that are not yet effective:

There are certain amendments to the accounting and reporting standards that will be mandatory for the Company's annual accounting periods beginning on or after 01 January 2025. However, these amendments will not have any significant impact on the financial reporting of the Company and, therefore, have not been disclosed in these unconsolidated condensed interim financial statements.

5 SEASONALITY OF OPERATIONS

Due to the seasonal availability of sugarcane, operating results are expected to fluctuate in the second half of the year. The crushing season generally starts from November and lasts till March each year.

12	LONG TERM FINANCING				
	From banking companies - secured				
	Bank Islami Pakistan Limited		12.1	-	211,765
	Less: current portion shown under current liabilities			-	79,412
				-	132,353

- 12.1** This was a Diminishing Musharakah facility which had been obtained from BankIslami Pakistan Limited, a related party, out of the total sanctioned limit of Rs. Nil (30 September 2024: Rs. 211.77 million), for adjustment of bank's outstanding liability. This facility was fully adjusted during this period through the sale of the share owned by the one director and his family members. It carried profit at the rate of 3-month KIBOR + 1% (30 September 2024: 3-months Kibor + 1%) per annum, payable quarterly. It was backed by a ranking charge over fixed assets and current assets with a 25% margin totaling Rs. 567 million. Additionally, molasses/ethanol were pledged at customer premises and in storage tanks in Karachi/Mill premises under BIPL's approved Macadam with a maximum limit of Rs. 100 million (charge already registered for Rs. 112 million). Furthermore, shares in CDC were pledged, along with personal guarantees from a director and his family member.

	NOTE	31 March 2025 Un-Audited (Rupees in thousand)	30 September 2024 Audited
13	SHORT TERM BORROWINGS		
Export refinance / Istisna	13.1	322,753	550,253
Short term finance	13.2	65,027	-
		387,780	550,253

- 13.1** The Company has arranged short term facility to finance export orders of ethanol to facilitate routing of export business eventually required for gradual adjustment and regularization. The facility is available at mark-up of 1-month KIBOR + 3% along with prompt payment rebate (30 September 2024: 1-month KIBOR + 3%) per annum on the outstanding balance or part thereof. This includes FAPC on source of Rs. 322.75 million (30 September 2024: Rs. 360.25 million) payable to National Bank of Pakistan. Expiry date of this export refinance is 31 March 2025. The credit facility is secured against 1st JPP charge of PKR 1,866.67 million over all present and future fixed assets of the Company and personal guarantees from a director and his family member.

The company had an Istisna facility of Rs. Nil (30 September 2024: Rs. 190 million) payable to BankIslami Pakistan Limited, a related party. This facility was fully adjusted during this period through the sale of the share owned by the one director and his family members. It was utilized to finance sugar and ethanol manufacturing, backed by a ranking charge over fixed assets and current assets with a 25% margin totaling Rs. 567 million. Additionally, molasses/ethanol were pledged at customer premises and in storage tanks in Karachi/Mill premises under BIPL's approved Macadam with a maximum limit of Rs. 100 million (charge already registered for Rs. 112 million). Furthermore, shares in CDC were pledged, along with personal guarantees from a director and his family member.

- 13.2** This represents unsecured interest free loan created as a result of adjustment of BankIslami Pakistan Limited (BIPL) loan, received through sale of shares of one director and his family members held by BIPL as third party security. Out of total loan amount Rs. 476.22 million, amount of Rs. 411.19 million has been repaid as of reporting date.

14. CONTINGENCIES AND COMMITMENTS

14.1. Contingencies

There is no change in the status of contingencies as reported in the annual audited financial statements of the company for the year ended 30 September 2024.

14.2 Commitments

There is no contract for capital and other expenditure as at 31 March 2025 (30 September 2024: Nil).

22. FINANCIAL RISK MANAGEMENT

22.1. Financial risk factors

The Company's financial risk management objectives and policies are consistent with those disclosed in the preceding audited annual published financial statements of the Company for the year ended 30 September 2024.

22.2. Fair values of financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Underlying the definition of fair value is the presumption that the company is a going concern and there is no intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

IFRS 13 'Fair Value Measurement' requires the company to classify fair value measurements and fair value hierarchy that reflects the significance of the inputs used in making the measurements of fair value hierarchy has the following levels:

- Level 1-** Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2-** Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (that is, derived from prices).
- Level 3-** Inputs for the asset or liability that are not based on observable market data (that is, unadjusted) inputs.

Transfer between levels of the fair value hierarchy are recognized at the end of the reporting period during which the changes have occurred.

During the year, there were no transfers between level 1 and level 2 fair value measurements, and no transfers into and out of level 3 fair value measurement.

The Company has not disclosed the fair values of the financial assets and financial liabilities because their carrying amounts are reasonable approximation of fair values, except fair value of equity instruments.

Valuation techniques used to determine fair values

The table analyses financial assets measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorized:

	Un-Audited			
	As on 31 March 2025			
	Carrying Amount	Recurring fair value		
		Level 1	Level 2	Level 3
		----- Rupees in thousand -----		
Financial assets				
Financial assets at fair value through other comprehensive income (equity securities)	18,729	18,729	-	-
	Audited			
	As on 30 September 2024			
	Carrying Amount	Recurring fair value		
		Level 1	Level 2	Level 3
		----- Rupees in thousand -----		
Financial assets				
Financial assets at fair value through other comprehensive income (equity securities)	14,992	14,992	-	-

Valuation techniques and significant unobservable inputs

The following table shows the valuation technique used in measuring Level 1 fair values for financial instruments measured at fair value in the statement of financial position, as well as the significant unobservable inputs used.

Valuation technique	Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value measurement
Equity instruments - shares		
Market approach (quoted market prices)	Per share price	The estimated fair value would increase / (decrease) if the price go higher / (lower)

23. RECONCILIATION OF MOVEMENTS OF SHARE CAPITAL AND LIABILITIES TO CASH FLOWS ARISING FROM FINANCING ACTIVITIES

SELECTED NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS

For the Half Year Ended 31 March 2025 (Un-Audited)

1. THE GROUP AND ITS OPERATIONS

The Group consists of Shakarganj Limited (the Holding Company) and its Subsidiary Company, Shakarganj Food Products Limited. Brief profiles of the Holding Company and its Subsidiary Company are as follows:

1.1. Shakarganj Limited

Shakarganj Limited (the Holding Company) is a public limited company incorporated on 20 September 1967 in Pakistan under the Companies Act, 1913 (Now Companies Act, 2017) and is listed on Pakistan Stock Exchange Limited. It is principally engaged in manufacture, purchase and sale of sugar, biofuel and yarn. The Company has its principal manufacturing facilities at Jhang and satellite manufacturing facilities at Bhone. The registered office of the Company is situated at E-Floor, IT Tower, 73-E/1, Hali Road, Gulberg-III, Lahore. whereas its mills / plants are situated at Jhang and Bhone.

1.2. Going concern assumption

The Holding Company has suffered the loss after income tax of Rs. 1,655.77 (2024: Rs. 1,798.12) million and its accumulated losses are of Rs. 6,707.07 (2024: Rs. 5,299.23) million as at 31 March 2025. The current liabilities of the Holding Company exceeded its current assets by Rs. 6,592.76 (2024: Rs. 5,417.81) million. Moreover, the Holding Company has overdue statutory obligations. Furthermore Textile segment of the Holding Company remained closed during the whole year. Certain shareholders of the Company have applied to Sindh High Court, Karachi and Lahore High Court, Lahore and obtained stay on 29 November 2021 and 25 February 2022 respectively from the respective courts regarding the approval of disposal of certain agricultural land of the Company. These factors indicate the existence of material uncertainty which may cast significant doubt about the Company's ability to continue as a going concern and, therefore, that it may be unable to realize its assets and discharge its liabilities in the normal course of business. However, these financial statements have been prepared on going concern basis due to following reasons:

The Holding Company is making arrangements to sell its agriculture land having market value of Rs. 755.547 million. For this purpose, approval of shareholders has been obtained in Annual General Meeting of the Company held on 28 February 2022 subject to further orders of Lahore High Court, Lahore and Sindh High Court, Karachi along with no objection from lenders. The proceeds through disposal of land will be utilized by the Company to pay to sugarcane growers and to settle the other liabilities of the Company while the remaining proceeds will be utilized for up gradation of plant and machinery of textile and sugar divisions at Jhang.

The management of the Holding Company has firmed up a turnaround plan based on disposal of the Bhone Unit of the Company which includes Sugar and Biofuel divisions. Book value of freehold land, building and plant and machinery as at 31 March 2025 is Rs. 6.893 billion. Price discovery by the management for the whole Bhone Unit of the Company including related licenses / rights when built in the future plan results in debt free business, surplus funds and profits for the Company. The management has planned to seek required approvals for roll out of the turnaround plan before the end of financial year 30 September 2025.

The Holding Company is in the process of installing the falling film evaporators. Falling film evaporators are alternative to Robert type evaporators and help to improve the optimization of the evaporator's station and energy efficiency of the plant. The percentage of steam's usage will be reduced by 9%. It would also increase the recovery ratio accordingly.

The Holding Company remains committed to its best efforts to improve liquidity position. The management considers that the measures as explained above would result in availability of adequate financial resources for the Company to sustain the continuity of its business for the foreseeable future and thus maintain its going concern status. Accordingly, these financial statements have been prepared on a going concern basis which assumes that the Company will continue to operate its business, realize its assets, and discharge its liabilities, in the normal course of business.

1.3. Shakarganj Food Products Limited

Shakarganj Food Products Limited (SFPL) was incorporated in Pakistan initially as a private limited company on 03 April 2001 under the Companies Ordinance, 1984 (Now Companies Act, 2017). Its name was later changed from A.M. Fruit Products (Private) Limited to Shakarganj Food Products Limited along with change of its status from private limited to public limited on 03 January 2006. The principal activity of the SFPL is manufacturing, processing and sale of food products (dairy, fruit pulps and concentrate juices). The registered office of SFPL is situated at E-Floor, IT Tower, 73-E/1, Hali Road, Gulberg-III, Lahore.

SML held 52.39% shares of SFPL as at 31 March 2025 (30 September 2024: 52.39%)

2. STATEMENT OF COMPLAINEE

These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards applicable in Pakistan for interim financial reporting comprise:

International Accounting Standard (IAS) 34 - Interim Financial Reporting, issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017;

Provisions and directives issued under the companies Act, 2017

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRS Standards or IFAS, the provisions of and directives issued under the Companies Act, 2017, have been followed.

These consolidated condensed interim financial statements do not include all the information and disclosures required in the annual audited financial statements, and should be read in conjunction with the Company's annual audited financial statements for the year ended 30 September 2024. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Company's financial position and performance since the last annual financial statements.

3. BASIS OF MEASUREMENT

3.1. Accounting convention

These consolidated financial statements have been prepared following accrual basis of accounting except for the statement of cash flows. These financial statements have been prepared under the historical cost convention without any adjustments for the effect of inflation or current values, except for the following material items in the statement of financial position:

- Inventories that are valued at lower of weighted / moving average cost or Net Realizable Value (NRV) in accordance with IAS 2;
- Freehold land, buildings on freehold land and plant and machinery that stands at the revalued amount in accordance with IAS 16;

- Biological assets at fair value less estimated point of-sale costs as per IAS 41;
- Actuarial valuation of pension and gratuity as per IAS 19; and
- Certain financial instruments which are carried at their fair value in accordance with IFRS 9.

3.2. Functional and presentation currency

The consolidated financial statements are presented in Pakistani Rupee (Rs.) which is the Company's functional and presentation currency. All financial information presented in Pakistan Rupees has been rounded to nearest rupee, unless otherwise indicated.

3.3. Critical accounting estimates, judgments and assumptions

The preparation of consolidated financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires the use of certain critical accounting estimates. In addition, it requires management to exercise judgment in the process of applying the Company's accounting policies. The areas involving a high degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements, are documented in the accounting policies and notes and relate primarily to as mentioned in annual financial statements of the Company as at 30 September 2024.

The revisions to accounting estimates (if any) are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

4. MATERIAL ACCOUNTING POLICY INFORMATION

The accounting policies and the methods of computation adopted in the preparation of these unconsolidated condensed interim financial statements are same as those applied in the preparation of the annual audited financial statements for the year ended 30 September 2024.

- 4.1 During the year ended September 30, 2024, the Institute of Chartered Accountants of Pakistan (ICAP) has withdrawn Technical Release 27 'IAS 12, Income Taxes (Revised 2012)' and issued 'IAS 12 Application Guidance on Accounting for Minimum Taxes and Final Taxes' (the Guidance). In accordance with the Guidance, during the year ended September 30, 2024, the Company has changed its accounting policy to recognize minimum and final taxes as 'Levy' under 'IAS 37 Provisions, Contingent Liabilities and Contingent Assets' which were previously being recognized as 'Income tax'.

The corresponding figures of unconsolidated condensed interim statement of profit or loss and unconsolidated condensed interim statement of cashflows has been restated under the above guidance, the effect of this restatement has been explained in Notes 17 and 18.

4.2 Change in accounting standards, interpretations and amendments to published accounting and reporting standards

a) Amendments to published accounting & reporting standards which became effective during the period

There were certain amendments to accounting and reporting standards which became mandatory for the Company during the period. However, the financial reporting of the Company and, therefore, have not been disclosed in these condensed interim financial statements. Amendments did not have any significant impact on the financial reporting of the Company and, therefore, have not been disclosed in these unconsolidated condensed interim financial statements.

b) Amendments to published accounting and reporting standards that are not yet effective:

There are certain amendments to the accounting and reporting standards that will be mandatory for the Company's annual accounting periods beginning on or after 01 January 2025. However, these amendments will not have any significant impact on the financial reporting of the Company and, therefore, have not been disclosed in these unconsolidated condensed interim financial statements.

5. SEASONALITY OF OPERATIONS

The Holding Company is, interalia, engaged in manufacturing of sugar for which the season begins in November and ends in March. Therefore, majority of expenses are incurred and production activities are undertaken in first half of the Holding Company's financial year thus increasing volume of inventories at the end of the first half.

10. NON CURRENT ASSETS HELD FOR SALE				
The non-current assets classified as held for sale under IFRS-5 "Non Current Assets held for Sale and Discontinued Operations" are summarized				
Property, plant and equipment			733,778	733,778

Specific items of plant and machinery of Sugar segment of the Holding Company were presented as held for sale following the approval of Board of Directors (BOD) of the Holding Company in the meeting held on 04 January 2021. The management is hopeful of completing the sale transaction of these assets during the next financial year.

During the year ended 30 September 2023, pursuant to the approval of the Board of Directors of the Subsidiary Company, the Subsidiary Company classified six items (i.e., filing and milk processing machines) of its operating fixed assets as 'assets held for sale', as these assets were available for sale in their present condition. The sale of remaining items are expected to be completed within six months from the reporting date. The management of the Subsidiary Company has determined that the fair value less cost to sell of these items is higher than their carrying amounts as at the date of classification. Accordingly, no impairment loss has been recognized in condensed interim financial statement of profit or loss.

	Bank Islami Pakistan Limited	12.1	-	211,765
	Sindh Modaraba Management Limited	12.2	25,000	31,250
	Diminishing Musharakah Sukuk	12.3	217,500	290000
	Less: current portion shown under current liabilities		(242,500)	(394,412)
			-	138,603

- 12.1. This was a Diminishing Musharakah facility of the Holding Company which had been obtained from BankIslami Pakistan Limited, a related party, out of the total sanctioned limit of Rs. Nil (30 September 2024: Rs. 211.77 million), for adjustment of bank's outstanding liability. This facility was fully adjusted during this period through the sale of the share owned by the one director of Holding Company and his family members. It carried profit at the rate of 3-month KIBOR + 1% (30 September 2024: 3-months Kibor + 1%) per annum, payable quarterly. It was backed by a ranking charge over fixed assets and current assets with a 25% margin totaling Rs. 567 million. Additionally, molasses/ethanol were pledged at customer premises and in storage tanks in Karachi/Mill premises under BIPL's approved Macadam with a maximum limit of Rs. 100 million (charge already registered for Rs. 112 million). Furthermore, shares in CDC were pledged, along with personal guarantees from a director and his family member.
- 12.2. This represents Diminishing Musharakah facility amounting to Rs. 100 million obtained from Sindh Modaraba Management Limited by the Subsidiary Company on 13 March 2020 for the period of five years for working capital management. Due to unprecedented effects of COVID-19 epidemic, the grace period was extended in accordance with the SBP's circular namely BPRD Circular no. 13 of 2020 dated 26 March 2020 as supplemented by BPRD Circular no. 11 of 2020 dated 09 April 2020 and BPRD Circular no. 25 of 2020 dated 16 June 2020 under which banks were required to process and grant customers deferral of the payment of principal amount of loan up to one year. As per the modified agreement, the principal repayment commenced from 11 June 2021 and is to be repaid in 16 equal quarterly installments. It carries mark-up at the rate of 6 months KIBOR plus 3.50% per annum to be reset on first day of commencement of each semi-annual period in which six monthly rental payments fall. It is secured against post-dated cheques and a title of the assets in the name of Sindh Modaraba for entire facility period. The loan was obtained for the purchase of Aseptic Edge Machine. The effective markup rate during the period ranged from 15.50% to 21.23% per annum (30 September 2024: 21.23% to 28.19% per annum). On 01 March 2023, the Company requested Sindh Modaraba Management Limited regarding the deferment of principal payments and on 23 June 2023, this deferment request was approved and the principal repayment were rescheduled by nine months i.e., principal repayment that was falling due on 11 March 2023 was subsequently due on 11 December 2023.

12.3. This represents rated, privately placed and secured Diminishing Musharakah Sukuk of Rs. 725 million issued in 2018 by the Subsidiary Company. It was originally repayable in 20 equal quarterly installments starting from 10 October 2019. The loan was obtained for financing business operations of the Subsidiary Company. It carries mark-up at the rate of 3 month KIBOR plus 2.5% per annum to be reset on one business day prior to beginning of each subsequent quarterly period for rental payment due at the end of that quarter and the markup is payable quarterly. The effective markup rate during the period ranged from 14.41% to 22.69% per annum (2024: 22.69% to 25.39% per annum). It is secured against first pari passu charge over fixed assets of the Subsidiary Company amounting to Rs. 967 million. On 17 July 2023, the Subsidiary Company requested Pak Oman Investment Company Limited (POICL) for one-year deferment of principal payments. On 21 September 2023 this deferment request was approved and the payment schedule was rescheduled by one year. Therefore, the principal repayment that was initially falling due on 10 July 2023 will now be due on 10 July 2024. As on 31 March 2024, the Subsidiary Company's current ratio was below 1:1, resulting in a breach of a financial covenant prescribed by financing agreement with the PAK Oman Investment Limited. Till date, PAK Oman Investment Limited has not exercised its right to demand payment for whole of the outstanding amount. The Subsidiary Company does not have an unconditional right to defer the settlement of this financing facility for at least twelve months after the reporting date. As a result of being in default of this financing facility, the management has classified the Diminishing Musharakah Sukuk amounting to Rs. 217.50 million (30 September 2024: 290 million) as current liability.

13. SHORT TERM BORROWINGS

		31 March 2025 Un-Audited	30 September 2024 Audited
	NOTE	Rupees in thousand	
Istisna	13.1	-	190,000
Export refinance	13.2	322,753	360,253
Istisna	13.3	200,000	200,000
Musharakah	13.4	120,000	120,000
Short term finance	13.5	65,028	-
		707,781	870,253

13.1. The Holding company had an Istisna facility of Rs. Nil (30 September 2024: Rs. 190 million) payable to BankIslami Pakistan Limited, a related party. This facility was fully adjusted during this period through the sale of the share owned by the one director of Holding Company and his family members. It was utilized to finance sugar and ethanol manufacturing, backed by a ranking charge over fixed assets and current assets with a 25% margin totaling Rs. 567 million. Additionally, molasses/ethanol were pledged at customer premises and in storage tanks in Karachi/Mill premises under BIPL's approved Macadam with a maximum limit of Rs. 100 million (charge already registered for Rs. 112 million). Furthermore, shares in CDC were pledged, along with personal guarantees from a director of Holding Company and his family member.

13.2. The Holding Company has arranged short term facility to finance export orders of ethanol to facilitate routing of export business eventually required for gradual adjustment and regularization. The facility is available at mark-up of 1- month KIBOR + 3% along with prompt payment rebate (30 September 2024: 1-month KIBOR + 3%) per annum on the outstanding balance or part thereof. This includes FAPC on source of Rs. 322.75 million (30 September 2024: Rs. 360.25 million) payable to National Bank of Pakistan. Expiry date of this export refinance is 31 March 2025. The credit facility is secured against 1st JPP charge of PKR 1,866.67 million over all present and future fixed assets of the Company and personal guarantees from a director and his family member.

- 13.3. The Subsidiary Company has an Istisna Islamic running finance facility with BankIslami Pakistan Limited of Rs. 200 million (30 September 2024: Rs. 200 million). This facility has been obtained under mark up arrangement for working capital requirements and bears mark up at the rate of 6 month KIBOR plus 2% (30 September 2024: 6 month KIBOR plus 2%) per annum. The effective markup rate during the period ranges from 21.92 % to 22.10 % (30 September 2024: 21.92 % to 24.17 %) per annum. This facility is secured against first pari passu charge over fixed assets (Land, Building, Plant and Machinery) amounting to Rs. 986 million registered with SECP, first charge on fixed assets of Rs. 33 million (Land & Building) at Plot khewat No. 51, 52, 112 & 11, Jaranwala and ranking charge over fixed assets (Plant and Machinery) of Rs. 374 million. The amount of facility is fully utilised. The facility expired on 31 March 2025 however it has been subsequently renewed with unchanged terms and conditions till 30 September 2025.
- 13.4. BankIslami Pakistan Limited has converted long term Musharakah facility of the Subsidiary Company into Running Musharakah to the extent of Rs. 120 million vide facility letter dated 14 April 2022 at 3 month KIBOR plus 1% to be charged monthly. During the previous year by a revised facility letter dated 27 March 2023, pricing terms were updated as 3 month KIBOR plus 2% effective from 01 July 2023. The effective markup rate during the period ranges from 14.14% to 18.13% per annum (2024: 22.24% to 24.66%). This facility is secured against first pari passu charge over fixed assets of Subsidiary Company (Land, Building, Plant and Machinery) amounting to Rs. 986 million registered with SECP, first charge on fixed assets of Rs. 33 million (Land & Building) at Plot khewat No. 51,52,112 & 11, Jaranwala and ranking charge over fixed assets (Plant and Machinery) of Rs. 374 Million. The amount of facility is fully utilised. The facility expired on 31 March 2025, however it has been subsequently renewed with unchanged terms and conditions till 30 September 2025.
- 13.5. This represents unsecured interest free loan created as a result of adjustment of BankIslami Pakistan Limited (BIPL) loan, received through sale of shares of one director and his family members of the Holding Company held by BIPL as third party security. Out of total loan amount Rs. 476.22 million, amount of Rs. 411.19 million has been repaid as of reporting date.

14. CONTINGENCIES AND COMMITMENTS

14.1. Contingencies

There is no change in the status of contingencies as reported in the annual audited financial statements of the company for the year ended 30 September 2024, except:

- Bank guarantee amounting to Rs. 58.500 million (30 September 2024 : Rs. 53.085 million) given by Subsidiary Company in favor of Sui Northern Gas Pipelines Limited for the performance of contract.

- DCIR has passed three separate orders for the sales tax periods involving July 2020 to December 2022 of the Subsidiary Company. As per these orders, input tax amounting to Rs.18.597 million claimed through apportionment of residual input tax has been excess claimed. An appeal has been filed against these orders By the Subsidiary Company and a favorable outcome is anticipated.

14.2 Commitments

There is no contract for capital and other expenditure as at 31 March 2025 (30 September 2024: Nil).

مجمع مالی پوزیشن

مجموعی بنیادوں پر دیگر آمدنی، فنانس اخراجات اور ٹیکسوں سے قبل آپریٹنگ خسارہ 1,760.29 ملین روپے (1,086.56:HY2024 ملین روپے) رہا۔ گروپ کا بعد از ٹیکس مجموعی خسارہ پچھلے سال 2024 کے 1,729.40 ملین روپے کے مقابلے میں 1,946.78 ملین روپے رہا۔ زیر جائزہ مدت کے دوران شکر گنج فوڈ پروڈکٹس لمیٹڈ، سبسڈری کمپنی، کانٹیکس کے بعد نقصان 568.84 ملین روپے (HY:2024) 118.33: ملین روپے منافع) رہا۔ ہمیں امید ہے کہ طلب میں اضافے کے ساتھ مالی سال کے بقیہ حصے میں مجموعی طور پر گروپ کی کارکردگی میں مزید بہتری آئے گی۔ گروپ کی بنیاد پر مجموعی بیلنس شیٹ پچھلے سال کے 26,059.47 ملین روپے کے مقابلے میں 25,584.31 ملین روپے رہی۔ ٹوٹل ایکویٹی 30 ستمبر 2024 کے 8,41.54 ملین روپے سے کم ہو کر 6,429.83 ملین روپے ہو گئی۔

مالی جائزہ

شکر گنج لمیٹڈ کو پاکستان اسٹاک ایکسچینج کی نان کمپلائٹ والی فہرست میں شامل کیا گیا ہے۔ کیونکہ اس کے موجودہ واجبات اس کے موجودہ اثاثوں سے 6,592.76 ملین روپے سے تجاوز کر گئے ہیں۔ تاہم، کمپنی اپنے مالی صورتحال کو بہتر بنانے کے لیے پرعزم ہے۔ لیکویڈیٹی کی کمی پر قابو پانے کے لیے مختلف اقدامات منصوبہ بندی کیے گئے ہیں جیسا کہ یہاں منسلک مالی بیانات کے نوٹ 1.2 میں تفصیلات دی گئی ہیں۔ کمپنی کی پیداوار اور منافع میں بہتری کے لیے کارکردگی، مؤثر طریقوں اور پیداوار کے اخراجات کو کم کرنے کی کوششیں جاری ہیں۔ انتظامیہ کا خیال ہے کہ بیان کردہ اقدامات کے نتیجے میں کمپنی کے پاس کافی مالی وسائل دستیاب ہوں گے تاکہ وہ آنے والے وقت میں اپنے کاروبار کی تسلسل کو برقرار رکھ سکے اور اس طرح اپنی گونگ کنسن کی حیثیت برقرار رکھ سکے۔ تاہم، جیسا کہ اوپر ذکر کیا گیا، کاروباری ماحول ایسے تھے کہ کمپنی کو اپنے معمول کے گرسٹنگ سیزن سے پہلے ہی بند ہونے پر مجبور ہونا پڑا۔ جس نے پراگریس کو شدید متاثر کیا اور بھاری نقصانات کا باعث بنی۔ البتہ، کمپنی کی انتظامیہ عزم کر رہی ہے کہ وہ مستقبل میں جب بھی مواقع میسر آئیں گے ان کا فائدہ اٹھائے گی۔

مستقبل کا نقطہ نظر

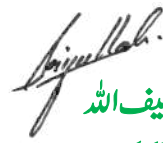

کمپنی کی جانب سے کسانوں اور ٹیکسوں کے حوالے سے بقایا واجبات کی وجہ سے سرگرمیاں مکمل پیمانے پر نہیں کی جاسکیں۔ ہم یہاں تک غور کر رہے ہیں کہ اپنی ڈسٹری کی سرگرمیاں بھی بیرونی آپشن کے تحت چلائیں، جواب تک حقیقت میں نہیں آسکی۔ تاہم، مختصر موسم کی وجہ سے، بائیو فیول کی کارروائیوں کے لیے خام مال مناسب قیمتوں پر دستیاب نہیں تھا۔ بائیو فیول ڈویژن میں کام کی کارکردگی بہتر ہونے کی توقع نہیں ہے کیونکہ مولاسز محدود مقدار میں دستیاب ہے۔ ٹیکسٹائل کاروبار میں خام مال کی اونچی قیمت کی وجہ سے مشکل کاروباری ماحول کی وجہ سے آپریشن ابھی تک شروع نہیں ہو سکے۔ جیسا کہ ہمارے آخری سالانہ رپورٹ میں ذکر کیا گیا ہے، انتظامیہ لیکویڈیٹی کے بحران پر قابو پانے کے لیے اقدامات کر رہی ہے اور ہم امید کرتے ہیں کہ کمپنی اپنے آپریشن جاری رکھے گی۔ تمام چیلنجز کے باوجود، ہم مشکل وقت سے گزرنے کے لیے پرعزم رہتے ہیں۔

آخر میں، ہم تمام اسٹیک ہولڈرز کی سرپرستی کے لیے ان کا شکریہ ادا کرنا چاہیں گے اور ان کی مسلسل حمایت کے منتظر ہیں۔

ڈائریکٹرز کی رپورٹ

آپ کی کمپنی کے ڈائریکٹرز اپنی رپورٹ اور 31 مارچ 2025 کو ختم ہونے والے نصف سال کے لئے کمپنی کے غیر مجتمع اور مجتمع عبوری مالی بیانات پیش کرنے پر خوش ہیں۔

مالی اور آپریشنل کارکردگی

حکومت کی اوپن مارکیٹ پالیسی کی وجہ سے سیزن کے دوران گنے کی اوسط قیمتیں 40 کلو کے لیے تقریباً 400 روپے رہی ہیں، لیکن کمپنی کے مالی مسائل، جو پچھلے چند سالوں سے درپیش ہیں، کی وجہ سے گنے کی کرشنگ میں کافی کمی آئی ہے۔ کمپنی نے پچھلے سال اسی مدت میں 778,454 میٹرک ٹن گنے کے مقابلے میں 498,014 میٹرک ٹن گنا کرش کیا۔ گنے کے معیار میں موسمی تبدیلیوں کی وجہ سے چینی کی اوسط ریکوری میں نمایاں کمی آئی۔ بائیوفیول کی پیداوار نصف سال کے اختتام تک 3.86 ملین لیٹر تک پہنچ گئی تھی۔ جبکہ پچھلے سال اسی مدت میں یہ پیداوار 2.23 ملین لیٹر تھی، جس میں 73% کا اضافہ ہوا۔

31 مارچ 2025 کو ختم ہونے والی نصف سال کے دوران، کمپنی کی کل فروخت کی آمدنی 5,203.2 ملین روپے رہی (8,017.4 ملین روپے: HY24) اور پچھلے سال کی اسی مدت میں 1,076.6 ملین روپے کے مجموعی نقصان کے مقابلے میں مجموعی نقصان 1,090.2 ملین روپے رہا۔ کمپنی کا ٹیکس اور لیوی سے پہلے پچھلے سال کی اسی مدت میں 1,404.4 ملین روپے کے نقصان کے مقابلے میں 1,783.4 ملین روپے نقصان رہا۔ پچھلے سال کی اسی مدت میں ٹیکس کے بعد 1,798.1 ملین روپے نقصان کے مقابلے میں اس مدت کے لیے ٹیکس کے بعد نقصان 1,655.8 ملین روپے رہا۔

کاروباری شعبہ جات

شوگر ڈویژن

شوگر ڈویژن کی آمدنی پچھلے نصف سال کی خالص فروخت 7,494 ملین روپے اور انٹر سیگمنٹ فروخت 356 ملین روپے کے مقابلے میں 4,658 ملین روپے اور انٹر سیگمنٹ فروخت 310 ملین روپے رہی۔ ہماری شوگر ڈویژن نے پچھلے سال 778,454 میٹرک ٹن گنا کرش کر کے 9.29 فیصد کی ریکوری سے 72,213 میٹرک ٹن چینی پیدا کرنے کے مقابلے میں 498,014 میٹرک ٹن گنا کرش کیا اور 7.97 فیصد کی ریکوری سے 39,395 میٹرک ٹن چینی پیدا کی۔ اوسط ریکوری اس سیزن میں دستیاب گنے کی وجہ سے کم ہوئی۔

شوگر ڈویژن نے پچھلے سال کے اسی عرصے کے دوران مجموعی طور پر 10.70 فیصد نقصان کے مقابلے میں 19.82 فیصد کا مجموعی نقصان کیا۔ بوٹم لائن پہ پچھلے سال کے اسی عرصے میں ٹیکس اور غیر مختص اخراجات سے پہلے 1,065.13 ملین روپے خسارے کے مقابلے میں ٹیکس اور غیر مختص اخراجات سے پہلے 1,214.6 ملین روپے کا خسارہ ہوا۔

بائیوفیول ڈویژن

بائیوفیول ڈویژن کی خالص فروخت آمدنی پچھلے سال کی خالص فروخت 523 ملین روپے اور انٹر سیگمنٹ فروخت 5 ملین روپے کے مقابلے میں 546 ملین روپے اور انٹر سیگمنٹ فروخت 0.9 ملین روپے رہی۔ اس مدت میں پچھلے سال کے 203 ملین روپے مجموعی نقصان کے مقابلے میں 84 ملین روپے مجموعی نقصان ہوا۔ اوپر بتائی گئی وجوہات کی وجہ سے بوٹم لائن پہ پچھلے سال کے اسی عرصے میں 238 ملین روپے خسارے کے مقابلے میں 157 ملین روپے کا نقصان ہوا۔ اس ڈویژن نے پچھلے سال کی اسی مدت میں، 2.23 ملین لیٹر پیداوار کے مقابلے میں 3.86 ملین لیٹر کی پیداوار کی۔

ٹیکسٹائل ڈویژن

زیر جائزہ مدت کے دوران پچھلے سال کی طرح ٹیکسٹائل سیکٹر میں غیر معاشی صورتحال کی وجہ سے ٹیکسٹائل ڈویژن میں کوئی پیداوار نہیں ہوئی۔

غیر مجتمع مالی پوزیشن

31 مارچ 2025 پہ بنلنس شیٹ 30 ستمبر 2024 کے 17,507.83 ملین روپے کے مقابلے میں 17,240.72 ملین روپے پر رہی۔ مجموعی شیئر ہولڈر فنڈ 30 ستمبر 2024 کے 6,752.60 ملین روپے کے مقابلے میں 5,116.72 ملین روپے تک کم ہو گیا۔ 30 ستمبر 2024 کی بریک اپ ویلیو 54.02 روپے کے مقابلے میں بریک اپ ویلیو 40.93 روپے تھی۔
